TECHNICAL SKILLS

- **Front-end Technologies:** HTML5, CSS3, JavaScript (ES6), TypeScript, Bootstrap, Tailwind CSS, jQuery, SASS/SCSS, WordPress
 - **Frameworks & Libraries:** Next.js, React.js, Drupal, Flutter, Angular, Ionic Framework, Wix
 - **Tools & Workflow:** Agile Methodology, Jira, VSCode, Sublime Text, Tortoise Git, Tortoise SVN, FileZilla, Putty/SSH, GitHub Actions (CI/CD), FTP Deployment, Next.js Static Export Automation
 - **API & Integration:** RESTful APIs, JSON, HTTP, API Integration, Postman, Swagger
 - **Design & UX:** Figma, UI/UX Design, Wireframing, Prototyping, User Flows, Responsive Design, Design Systems, Visual Consistency, Cross-Platform Layouts
-

WORK EXPERIENCE

uSiS Technologies Private Limited | **Front-end Developer**

Coimbatore, In | Mar 2022 - Present

Front-end Development - Web

- Developed responsive, SEO-friendly web interfaces using Next.js, React.js, Tailwind CSS, TypeScript, and JavaScript (ES6+).
- Built reusable UI components, dynamic pages, and API-driven content with strong performance optimization.
- Delivered corporate websites, portals, and landing pages with clean UI/UX and fast-loading performance.
- Integrated REST APIs for dynamic content and maintained scalable component architecture.

Front-end Development - Mobile Apps

- Built mobile application UI using Flutter, delivering smooth navigation, clean layouts, and responsive interfaces across devices.
- Developed UI for billing apps, including product listing screens, cart flows, order summaries, and payment steps.
- Created e-commerce-style UI such as product grids, detail pages, add-to-cart flows, filter/sort screens, and account sections.
- Designed and converted multiple Figma prototypes into pixel-perfect Flutter layouts with a strong focus on visual consistency.
- Worked across various app domains, including service apps, management apps, and workflow-based applications.
- Integrated REST APIs for dynamic data, handled JSON parsing, interactive UI updates, and worked with Firebase for data handling and general app-level integrations.

Front-end Development - CMS (Drupal & WordPress)

- Customized Drupal themes, content types, views, and multilingual layouts for enterprise projects.
- Improved intranet UI/UX for a platform accessed by 25,000+ users.
- Built mobile-responsive WordPress themes and Gutenberg-based pages for business websites.
- Ensured cross-browser compatibility and smooth content workflow integration.

Front-end Development - PHP

- Worked with PHP-based front-end integration for custom templates, UI components, and dynamic page rendering.
- Integrated HTML/CSS/JS layouts into PHP environments including WordPress, custom PHP projects, and template-based systems.
- Ensured stable, clean, and scalable front-end output across PHP-driven web applications.

Email Template Development

- Built responsive, cross-email-client HTML templates from Figma designs using table-based layouts and inline CSS. Ensured consistent rendering across Outlook, Gmail, Apple Mail, and mobile clients, and supported automated email delivery workflows using Parcel.io.

UI/UX Design

- Designed intuitive and visually consistent user interfaces for mobile apps, websites, and CMS platforms.
- Created wireframes, user flows, and high-fidelity prototypes in Figma for multiple projects across different domains.
- Converted design concepts into structured layouts with a strong focus on usability, clarity, and responsiveness.
- Collaborated closely with developers, product teams, and stakeholders to refine UI behavior and improve overall user experience.
- Worked on multilingual, responsive, and accessibility-friendly designs for enterprise portals and mobile applications.
- Experienced in crafting component-based design systems, maintaining consistent typography, spacing, and visual hierarchy.

Zoho | Front-end Developer (Internship)

Madurai, In | Oct 2021 - Oct 2021

- Completed a focused front-end internship, gaining hands-on experience with HTML, CSS, and JavaScript. Successfully delivered multiple UI tasks and strengthened core JavaScript and DOM manipulation skills through real-time projects.

OurKadai Technologies | Front-end Developer (Internship)

Madurai, In | Apr 2021 - Oct 2021

- Worked on Project Madurai, a Tamil e-publishing platform. Built responsive UI using HTML, CSS, Bootstrap, and integrated Markdown for text conversion to enhance reading experience.
- **Project:** beta.projectmadurai.org

EDUCATION

Bachelor of Computer Application

2017 - 2020

Syed Hameetha Arts and Science College, Kilakarai, Ramanathapuram, Tamil Nadu.

- Alagappa University
